How should your video be shot and submitted?

- **Film your video in landscape.**
- Only 1 video link is to be submitted. Please merge all required parts into 1 video. **If you need help with this, please get in touch with us!**
- Use the highest quality lighting, resolution, and sound recording possible.
- Do not cut off your head or your feet.
- Use a neutral background. Do NOT film into mirrors.
- Provide a YouTube or Vimeo link to your video in your application.
- Do not submit recordings made using auto-tuning or other editing software. They will not be accepted for consideration because the jury will be unable to properly assess your material
- Include full body movement and use long shots as well as close-ups.
- Be sure the excerpts or short works you've picked demonstrate the full range of styles of which you are capable.
- Include the date completed/recorded for all support materials. **All submissions of work must be from the 12-month time period prior to the application date.** If your materials predate this timeframe, please explain why.
- **Ensure the total run time should not exceed 10 minutes.**

What should be included in the video?

- PART 1: A spoken introduction at the beginning in a head and shoulder shot.
- PART 2: 2 contrasting monologues (1.5-3 minutes).
- PART 3: 1 scene (5 mins) with 3 people or fewer. Indicate clearly which character you are playing. Find scene partners who have a similar level of experience and ability to your own. **Your scene partners must be off camera** – the jury wants to see you.
- PART 4: *Optional* – If available, include a short archival clip from a live performance (30 seconds-1 minute).

Please Note: Unless you are applying to act at a film school, **do not** submit any film clips.

By following these guidelines, you will ensure you provide submissions that clearly demonstrate ability and potential and relate directly to the program proposed in the application.
